There are the *Real Rules of Golf* and then there are **The SortaSnowGolf Rules**

No stuffy, complicated USGA rules with sections, subsections, and exceptions. Just seven basic "Sorta Amendments"....

1. Never Play Alone

- ◊ Singles will be paired up

2. Equipment is All Good

- ◊ Players can be clipped into skis, snowboards or tele-mark skis
- ◊ Skiers may hit with one or both skis on; snowboards may also hit with both feet or one foot in a binding
- ◊ Skis or snowboards may be removed to hit, especially out of the trees if it is unsafe or impossible to otherwise strike the ball

3. Always Improve Your Lie

- ◊ Players must tee-off in the general tee area
- ◊ A shot in a tree...
 - ◆ May be removed up to 3 feet -or-
 - ◆ Half the distance to the hole....add a one stroke penalty for this one!

4. Inside the Pole Area is a Gimme

- ◊ A ball does not have to stay inside the designated area. The score is recorded when the ball touches the snow in the designated area at some point in its trajectory
- ◊ A ball that flies over the designated area is not a "gimme"
- ◊ A ball that lands on the line IS a "gimme"

5. Two Mulligans to Taster

- ◊ Every player may utilize two "Mulligans" on their **tee-shots** without penalty

6. Seven is Max

- ◊ 7 is the max number of strokes per hole. If you have trouble remembering whether you shot a six or seven, it was probably a seven
- ◊ An irretrievable or lost ball results in a Max score
- ◊ A player may use a mulligan on an irretrievable or lost **tee-shot only** if they have not used their two "Mulligans"

7. Remember, no matter how bad you are playing, it is always possible to play worse!
