The home and contributor sign for the ceremony.

In coordination with the Pasco Housing Authority, Tomas and family were selected for a number reasons. But all anyone would have to do is meet this wonderful family to know how much this meant to them and how deserving they really were.

As you can see below, many of those who helped build the home were on hand to congratulate the new happy homeowners.

On behalf of the Hayden Homes Giving Fund, I would like to again thank you for your ongoing support during what has been a stellar 2005.

The Giving Fund has been privileged to give to many worthy programs and organizations. That said, the major highlights of 2005 were the two Grant House Dedications—one in Redmond to the Jensen family, and the other to Tomas Perez and Dora Delgado and family. The early months of 2006 will see two more dedications. It is definitely an exciting time for

Once again we are very excited to share with you the progress of our Housing Grant Program. Marking our fifth Grant House since its inception, TOMAS PEREZ and DORA DELGODO, were the recipients of a new Hayden Home in Pasco, Washington. The 3 bedroom / 2 Bath / 2 Car Garage home is located in the Three Rivers Crossing community and helps this very deserving family realize a dream they'd had for many years.
